

Fall Spa Specials

Fall in love with our Pumpkin Spice Treatments
at Mountain Top Resort

Pumpkin Spice Massage \$155/60 min

This undeniably Vermont, fragrant fall treatment is sure to delight. For this, our Mountain Top Custom Massage is enhanced with our luxurious pumpkin spice oil. This highly aromatic oil is rich in antioxidants & vitamin E to promote softer, silkier, smoother skin - while the warming aroma of pumpkin simultaneously soothes and relaxes your senses.

Pumpkin Spice Scrub Nail Treatments

Mani: \$55/45 min • Pedi: \$75/60 min • Mani/Pedi: \$115/90 min

These Manicures/Pedicures deliver all of the benefits of a full service nail treatment combined with the aromatic indulgence of pumpkin spice.

To start, we gently remove any keratinized dead skin cells & callouses. Then we carefully trim & buff the nails, followed by a relaxing, penetrating pumpkin spice oil massage of fingers, hands & arms - or - toes, feet & calves (or both!)

This softens the top layer of skin leaving it smoother & younger looking with uniform pigmentation. To bring this luxurious treatment to a close, feet, hands & arms are then treated to our rich butter cream containing shea butter & vitamins A, C, D & E for soft, silky smooth skin.
